— FROM THE DESK OF OUR CLUB PRESIDENT —

With winter almost behind us, we can look forward to all the beauty Jackson Hole offers as we quickly approach our summer season. For the first time in two years, all outdoor facilities will be fully available for member usage! Our improvements are being noticed as Teton Pines was nominated for Golf Digest's "Best Golf Course Renovation in 2022."

The Clubhouse Upgrade and Expansion project is steadily moving forward. We are currently in the conceptual design phase with the architects and their consultants. As part of the design process, management is actively collecting feedback and suggestions from both the Partners and Members to further fine-tune the design from a user perspective. We will be completing a series of focus groups to ensure the project will address the overall needs and expectations of the membership. If you do have suggestions regarding the project, we have established a club email, masterplan@tetonpines.com where members are encouraged to share their ideas. We have also established a page on our website labeled, "Clubhouse Expansion Project" where you can see updates as the project progresses.

The Clubhouse improvements are necessary to provide a standard that is consistent with membership expectations. The project will be funded predominately with new membership initiation fees along with operational cash flow generated through increased member engagement and improved operational efficiencies, which the Partners have agreed to contribute. With regards to membership dues, we are anticipating increases in dues to keep up with cost increases, with the exception of a dues increase in 2023 to keep up with the excessive inflation from 2022. Then a planned increase in 2025 with the completion of the first two phases of the project and the significant improvement in our facilities and amenities and the added expenses to support these amenities. It is the Executive Committee's intention to offer an exceptional standard on par with the other premier clubs in the valley while maintaining a strong value for membership.

As the Clubhouse Upgrade and Expansion unfolds, the Executive Committee wants to confirm that the Club intends to maintain the existing cap of 630 memberships. 600 to 630 memberships are an ideal size for a Club of our amenity base.

In addition to the Clubhouse Update and Expansion, we appreciate the suggestions and improvements beyond the clubhouse as part of our long-term master plan. These have ranged from improving the services and amenities on the golf course and improving our golf training facilities to updating the racquet sports administration building. This spring, we intend to re-plaster the recreational swimming pool to properly complement the newly added lap pool and Jacuzzi. Once completed this May, it will have a consistent finish along with the addition of a sun shelf for children to wade in the pool and a submerged bench along the south wall for members to comfortably lounge in the pool.

Along with these physical changes, we have also improved our processes in bringing new members into the Club. As a fundamental component of the matriculation process for any premier club, Teton Pines now requires a sponsor for prospective members joining. This change will help ensure a high level of synergy of like-minded people becoming a part of the Club and solidify a stronger sense of community and camaraderie among the membership. As you engage with friends, family, and associates that you believe to be a good fit for Teton Pines, we strongly encourage you to consider referring them as members.

Thank you for all of your support,
John O'Dwyer, TPCC President

— A MESSAGE FROM THE GM —

I hope that everyone has had a wonderful winter. As the snow begins to melt and we enter spring I am happy to report that I have survived my first “snow” season in Jackson Hole ...and I was only trapped in my driveway one morning! All kidding aside, it has been an incredible experience to enjoy the snow, the beautiful scenery, and the wonderfully low humidity. The Club was surprisingly busy with several great new events offered by the team and the Club entering the early phases of planning for the Club’s Upgrade and Expansion project.

We are very excited about the Clubhouse Upgrade and Expansion project, and it was with pride and enthusiasm we shared the initial concept with you in late February. The Executive Committee, Planning Committee, and Management Team have held numerous meetings with the architects to work through the layout, flow, and operational logistics. The feedback and suggestions from many members have been extremely helpful in making sure that all the little details are considered. As mentioned in the President’s Message, we have set up a dedicated email to receive all queries and suggestions related to the project at masterplan@tetonpines.com. For members who are interested in keeping up with the status of the project, periodic updates will be posted on our Club’s website under the “Clubhouse Expansion Project” tab of the “My Club” navigation section.

This winter we also rolled out our new “Member Handbook.” The Member Handbook includes need-to-know information such as contact phone numbers, hours of operation, a summary of the club amenities available, how to book reservations for these amenities, an outline of the membership structure, the general Club rules and regulations, and the expected etiquette within the various sports departments. We hope that this will help new members become quickly acclimated to the Club and answer any questions that you may have. One new rule that the Executive Committee recently put in place that we would like to highlight is a restriction on making mobile phone calls anywhere in the clubhouse except for at the designated mobile phone area located near the coat closet in the main lobby. As you are flipping through the Member Handbook, if you have any questions, please do not hesitate to reach out to Amy or me with any questions.

In addition to the Member Handbook, we have initiated a new member orientation program to create a warm welcome to the Club and help our newest members feel more comfortable getting involved. During orientations Amy Bickley, Director of Membership and AGM, walks members through the club website and amenities, reviewing key rules and regulations, highlighting the Directors of the various departments, and discussing the referral process, along with the importance of ensuring like-minded people become a part of the Club. Amy will also highlight upcoming activities and provide vouchers to encourage the new members to experience all that the Club has to offer. We hope that in addition to encouraging new members to become more integrated, it will help them to understand the wonderful and unique culture that we all know and love at Teton Pines.

To further reinforce our unique brand and culture at Teton Pines, our Senior Management team will participate in a round table session to discuss what it means to be Teton Pines Country Club, review our goals for the coming year, and re-evaluate the core values essential in making the decisions to get there.

We have received a lot of very positive feedback regarding the return of the Teton Pines Whispers newsletter. We are thrilled to know that members value it as an additional means to stay abreast of what is happening at the Club. In an effort to ensure that the information is timely and as accurate as possible, commencing with this issue, the Whispers will be issued every three months, rather than semi-annually. The newsletter will be distributed via email, available on the Club website via download, and as a hard copy within the Club.

It is our passion to bring members together and build a culture focused on the community by providing engaging activities and outstanding experiences delivered by our exceptional team of employees. We want your reflections on Teton Pines to be full of memorable moments, such that, there is no other place you would rather be than with your family and friends at Teton Pines.

See you at the Club,
Todd Bretzlaff, General Manager

— A MESSAGE FROM MEMBERSHIP —

As I write this message at the beginning of April, it seems that winter in Jackson Hole will continue until May! However, it is inevitable that the golf course will pop out from its winter blanket hopefully sooner than later. In the meantime, it has been an active winter and spring for membership at the Club. Since January we have welcomed ten new members and began our membership sponsor program. It has been such a pleasure to meet your friends and family and guide them through the membership process.

We would like to take a moment to recognize and thank the following members, listed below, who have sponsored new members in 2023. Please visit the Member Sponsorship page of the website for more information regarding membership and sponsoring your friends and family.

Assistant General Manager & Director of Membership,

Amy Bickley – 307.752.4102

Mercedes Huff – *The Scully Family*

Cindy & Dr. Sigsbee Duck – *The Tafoya Family*

Cindy & Dr. Sigsbee Duck – *The Bickerstaff Family*

WELCOMING OUR NEW MEMBERS

January to March

Debbie & Glenn Bickerstaff – Golf

Jillian Dann & Campbell Fain – Golf

Mary & Bill Hayes – Golf

Veronique & Marshall Parke – Racquet

Sarah & George Phocas – Golf

Miriam & Gerry Scully – Golf

Tyra & Michael Tafoya – Golf

Sarah & Joe Tripodi – Racquet

Luann & Bob Williams – Racquet

Kirsten & Jeff Worthe – Golf

Membership Opportunities

Teton Pines is currently at our membership capacity of 630 member families, however, we anticipate memberships becoming available during the third quarter. As we look forward to the summer, we hope you will refer more friends, neighbors, associates and family to the Club. With your referrals, we are able to maintain the friendly, welcoming membership culture that Teton Pines is known for.

WHAT DOES THE "*" MEAN?

At Teton Pines we are incredibly fortunate to have staff frequently return to work at the Club. The asterisk categorizes those employees as "boomerangs."

In most cases, our boomerang employees felt, that Teton Pines provided a better work environment and opportunities within the organization.

In addition, findings show that the more workers maintained strong social ties to their former colleagues, the more likely they were to return.

DID YOU KNOW?

Due to increased facilities and in an effort to provide the best member service possible, our staff nearly doubles from winter to summer!

ON THE COURSE

An Early Summer Message from the Director of Golf, Matt Stireman, PGA

Looking Ahead to the 2023 Golf Season

The upcoming golf season is here and it is proving to be an excellent time to be a member at Teton Pines. At last we will have a complete season without the challenges of a world pandemic or two years of major golf course renovation, myself and my team are very excited for the outlook of 2023.

Along with a newly renovated golf course, I am really looking forward to our new golf cart fleet, said to be arriving this summer. These brand new carts will offer GPS golfer experience technology, upgraded seats, dual USB ports, a comfort grip steering wheel, windshields, golf club rain cover, as well as a cooler, divot sand bottles and a club/ball washer.

In addition to our improved golf course and fresh off the line fleet, we are looking forward to a new Golfer Starter area complete with an upgraded podium, message center, bag racks, signage and mostly impressively, a custom Teton Pines Tower Clock. And if that isn't enough to have an exceptional year, our members can also look forward to the following upgrades as well:

- New Scorecards with new USGA course rating/slope and the original hole names from the 1990's
- New Member Bag Tags & Shaft Labels
- Upgraded Golf Genius Tournament programs and monitors to enhance event live scoring
- Return of Coffee & Pastry stations on Thursday Ladies' Days and Saturday Men's Days
- New Golf Shop Merchandise

The heavy snow amounts of this past winter may slow our course opening more than we like but rest assured, the golf course will open for play as soon as we can get ready. We expect the greens to be in great condition by June 15th, just in time our summer events to get under way. Summer sign-up for events are open on the Golf Calendar and I want to encourage you to secure your spots in our weekly and major events quickly to prevent missing the fun times that these great events provide.

Lastly, I am very proud and excited to announce that 100% of the 2022 golf staff has committed to return for the 2023 season. This reflects that Teton Pines is a fun and positive place of employment and the golf team is secure with great leadership. Thank you to all the members for helping make our golf operations an enjoyable environment for all involved. 2023 is one of the most anticipated season openings of my golf career with so many great new things to look forward to and so many great people returning to continue the golf traditions at Teton Pines.

See you on the course,

Matt Stireman, PGA, TPCC Director of Golf

ON THE COURT

An Early Summer Message from the Director of Racquet Sports, Julie Weinberger

NEW TO RACQUET SPORTS IN GENERAL OR NEW TO TETON PINES?

To find the proper groups or drills based on your ability, please do not hesitate to contact me.

julie@tetonpines.com
(307) 733-9248.

We're in a super exciting time here in racquet sports. Our beautiful outdoor facility will be open for our first full summer of use after construction in 2022, boasting a state of the art cushioned hard court surface on the pickleball and tennis courts alike.

As racquet sports continue to blossom at Teton Pines, we are thrilled to offer more drills, social events and camps for you to participate in than ever before. Beyond our scheduled weekly offerings and events, our well-trained, experienced staff of pickleball and tennis pros is here to continue to offer private and group lessons as well to help you meet your on-court goals. We want you to succeed in enjoying these sports that offer such great social exercise.

To complement our tennis program and the overall national growth of pickleball, we have added an entire pickleball program to our department, chock full of drills, playdays and special events. It has been wonderful to see more members get involved in racquet sports at the Club and take full advantage of all Teton Pines has to offer.

As participation in both the pickleball and tennis programs continue to grow, we look forward to continuing our tradition of creating a fun, engaging and caring environment for members of all ages and levels to enjoy.

See you on the court,
Julie Weinberger, TPCC Director of Racquet Sports

FIRST TIME ON THE PICKLEBALL OR TENNIS COURT?

WE'VE PROVIDED A FEW HELPFUL TIPS BELOW.

With the increase in participation in racquet sports, please remember to follow simple court etiquette guidelines by not entering your court until it's your reservation time, do not cross another court until a point is completed and please depart promptly at the end of your reservation.

Let's enjoy our new facility by having good hearted fun this summer season!

OUTDOOR COURTS

Open Daily
7:00 am – 8:30 pm (*Tennis*)
8:00 am – 6:00 pm (*Pickleball*)

INDOOR COURTS

Open Daily
7:00 am – 8:30 pm

Reservations are required for all courts.

TENNIS HAPPENINGS

Drills & Playdays are complimentary for Racquet Sports and Golf Members. Reservations are required.

ON WELLNESS & ACTIVITIES

An Early Summer Message from the Director of Wellness & Activities, Jeffrey Cisneros

JEFFREY'S FITNESS MUST TPI TRAINING

WHY IS TPI GOOD FOR GOLF PLAYERS?

18 of the last 20 Major Golf Winners were advised by a TPI Professional. The TPI screening focuses on your swing and your swing alone. There are a million ways to swing a club, however, you only have one body.

WHEN & WHY WAS JEFFREY CERTIFIED?

I joined the TPI team in 2007 because I wanted to help my clients perform at their very best. The TPI program educated me on the importance of the body as it relates to swinging the club. Most golfers invest in new equipment to help them perform better with no results. Your body is the most important tool in your game.

WHAT IS A TYPICAL RESULT OF THE TRAINING?

The most consistent results in our TPI program is better ball striking ability. The tested program trains and develops the most important muscles in your golf swing. By focusing on your golf muscles, each golfer develops better movement and stability creating more power and swing speed ultimately creating the best ball striking in your golf group.

60 Minute Private Session | \$150

*To schedule your screening, email
jeff@tetonpines.com*

Along with clear blue skies, abundant wildlife and seeing the green of our newly renovated golf course, I am most excited for our aquatics program. After hiring aquatics professional Connor McGinnis this past fall, we are now lined up to create the Valley's best and most robust aquatics program. It will be a huge benefit to all members to see this area of our Club take off.

And now that the first day of Spring has passed, the countdown in the Wellness & Activities office has officially begun to, my favorite day of the summer, our Teton Pines Pup Show. As a dog owner myself, there is nothing more exciting than showing off our four legged friends. The participation in last year's show was unbelievable and we can't wait for great friends and families to gather together again.

In addition to ensuring the offerings this season are unforgettable, my team and I are putting a strong focus on member service and experience. We plan to conduct extensive training for all of our wellness, pool and activities staff that will ensure everyone has the tools and guidance to make every trip to our pool, hike or special event is a world class experience every time.

See you at the Club,

Jeffrey Cisneros, TPCC Director of Wellness & Activities

SUMMER SOFTBALL

CAN THE RED FOXES
DEFEND THEIR TITLE?

JUNE 24TH & JULY 22ND
4pm on the Driving Range

Last year we had as many spectators as we did players. It was amazing to see members supporting one another.

RESERVATIONS GUIDE
